### PRODUCT FEATURES

- Our product features a convertible and rocking design.
- The rocking section has internal dimensions of 70x115 cm, and after conversion, the dimensions are 70x160 cm.
- The drawer block has an upper drawer with two compartments, while the middle and lower drawers are compartment-free. The back has two shelves for storing baby care items.
- After the crib is expanded, the drawer block can be used as a nightstand or dresser within the room.
- The expanded crib is compatible with robotic vacuum cleaners, as the mattress is elevated from the ground.
- The rocking crib part, after expansion, allows the front guardrails to be removed and the crib to be used as a desk.
- The front guardrail has a lift mechanism, making it easier for mothers to lay down and pick up their babies.
- The product is compatible with the 21.01.1244.00 Bamboo+ Baby Mattress 70x160 cm. The mattress consists of two parts and can be cleaned more easily due to its zippered cover. It is recommended to wash the mattress cover on the most delicate setting of washing machines, with a maximum of every 4 months.
- The larger piece, measuring 70x115 cm, serves as the rocking crib section, while the smaller piece, measuring 70x45 cm, is designed to be attached to the larger piece using Velcro once the crib is expanded. The smaller part can be stored under the rocking crib until the expansion.
- For the crib, the 20.21.4916.00 Romantic Baby Mosquito Net and our 75x115 cm baby bedding sets are compatible and can be used.
