EDITOR'S CHOICE

The width of the room should be taken into consideration when choosing the dining room model. But obviously, a small space doesn't mean you have to abandon your choices of décor.

One of the secrets to making narrow spaces look wide and spacious is to use bright colours and simple lines.

For example, Nova standing out with its beige and light wood tones is one of the best choices for making the dining room look spacious!

DINING ROOMS

Lorenta

The Lorenta Dining Room Set flawlessly complements the décor with its stylish design reflecting the modern-country style. Standing out with its rich and elegant woodwork, the design's golden handles, slender legs, etched glass doors, and other fine detailing speak to a refined taste.

Making mealtimes extra special with each piece, Lorenta exceeds expectations with its practical storage spaces and choice tables in different shapes.

You can choose from among Lorenta's different modules to create a set that best meets your expectations. You can go for the oval and rectangular fixed and extendible tables, and take your pick from among the different sized display cabinets and consoles to store and display. Complete the setting with the sideboard and the decorative mirror.

Detailing such as the profiles surrounding the cabinet and console drawers and doors, the woodwork styling on the hexagonal legs, the golden handles, and etched glass doors make a strong impact.

PERSONALISE YOUR STYLE

NOBLE, MODERN, ELEGANT

Each piece in the Lorenta Collection is perfect for creating a noble, modern, and elegant dining room! The newcomer to the series, Lorenta Dacraass Jasmine, brings a breath of fresh air to any room with its energetic white tones. EDITOR'S CHOICE

Details to be decided when choosing a table for the dining area are the number of people to sit at the table, the area where the table will be placed, how the seating arrangement will be made, the dimensions of the tables and chairs, the circulation area that should be left around the table. Once these are determined these based on the needs, usage habits, lifestyle, and the venue, of course, the next key step is choosing the table which requires figuring out the size and shape of the table and chairs.

Solid Mirrors add a nice touch of motion to the series with their leather hanging straps and geometric shapes.

ADD GLITTER WITH A MIRROR AND A SIDEBORD

The correctly picked sideboard backed by a mirror is all you need to create a corner that turns heads with its glitter. Hence, mirrors reflect light and make the room brighter. While choosing a sideboard, you can use a vintage one with the modern dining room set or go along with a striking design and furnish the room a statuesque look.
