Newjoy Smart Rooms

Smart rooms For smart teens!

The Smart line, a new concept in the furniture world of Newjoy, brings the notion of "smart" to life in teenage bedrooms. After a long process of research and development, the Smart line was designed to be a customizable solution for teen bedrooms and consists of six groups of teenage furniture.

You can download the Digital Catalogue of Newjoy.

You can install the shelf designed for your books and your hobby material anywhere you like in your room.

You can convert your bed into a study desk at one stroke. We have not of course forgotten about your best friend; his place in the nestling bed is ready.

newjoy®
BABY KIDS YOUNG

You can organize all your belongings by using its numerous cabinets.

You have a large space in your wardrobe for your clothes. You can choose a larger wardrobe and install it in a different place if you wish.

Its spacious drawers were functionally designed to meet your needs.

Why should I Choose the Smart Series?

1

Its functional modules which can be customised according to different needs give you the freedom to use your room in any way you want. For instance, convert your bookshelf into a study desk or your clothing cabinet into a chest of drawers.

2

Choosing your teenage room, you are free to include whatever module you like into the assembly depending on the size of your room.

3

You have the option to choose among various colours for each assembly and module. Choose your favourite colours and add glamour to your room freely.

4

The series have been so designed to answer to all your needs. Everything has been thought out down to the last detail for your books, clothes and hobby equipment.

5

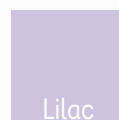

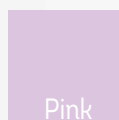

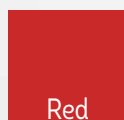

Create as much space in your room as you can and move around freely thanks to moveable modules.

Enliven your room freely with 7 different colour options!

The Smart line brings colour to your room as well as novelty and comfort. Allows you to freely choose the colour of your furniture from among myriad alternatives and create a fun atmosphere in your room.

With its design and storage units, Flexi Teenage Group provides a spacious living area, especially for small rooms. Designed as an integrated unit composed of a bed, a desk and a wardrobe, Flexi offers a life concept that highlights comfort.

 The stairs that will take you to your cosy and warm bed are at the same time handy drawers. You have the option to choose a different staircase if you wish.

 Besides the double-wing bottom cabinet, you have an extra cabinet. Of course, you may exclude it depending on the size of the room.

 Choose the number and colour of the cabinet drawers.

 Detach the drawers from the cabinet and use them as a nightstand.

Thanks to the Flexi Teenage Group, everything in your room is located where it should be and reflects your own style!

If you have a lot of stuff to store, you can have the additional under bunk bed cabinet.

You can choose a double or a triple wardrobe.
